

Lake Edge Lutheran Church Memorial Garden

Application for Interment

The memorial garden has three areas for the interment of human cremains: an aboveground columbarium with niches for contained cremains; a patio area with belowground sites for contained or uncontained cremains; and a large belowground site at the center of the patio for the common interment of uncontained cremains. Urns and engraving are included in the price of the columbarium niches and patio sites as are biodegradable bags for the patio sites if preferred.
